I'm unsure if Chad had been provided this earlier but the attached order requires that we install stop signs at this crossing by 07/09/06 and that we maintain same until the automated warning devices are operational. Advise when complete.

546453C QS 144 90 IL EFFINGHAM EFFINGHAM FUNKHOUSER

Tom/Marty, attached is a copy of the Order from ICC regarding Effingham (DOT 546453C/IL0191). As a reminder, note that temporary stop signs must be installed at this crossing by July 9, 2006, and maintained until warning devices are installed. Please advise when this is completed. Below is an excerpt from the Order:

Handwritten: HHS

7/19/2006

- (6) Public Act 93-0604 (effective November 21, 2003), which (Safety Requirements for Track, Facilities, and Equipment Commercial Transportation Law, requires installation of signs whenever the Commission authorizes the installation of flashing light signals and gates at public highway-rail crossings. Temporary STOP signs shall remain in place until the signal or crossing gate devices have been installed. The Commission is responsible for the cost of the installation and subsequent removal of any required temporary STOP signs.

Thanks!
